Gurnard Play Area Survey

Gurnard Parish Council's Community Projects Committee would like your help in evaluating the play area on Gurnard Green.

The play area was made possible by the generous contributions of the following funding bodies: National Playbuilder, Awards for All, Rural Development Programme for England, IW Rural Community Council and the Gurnard Bonfire Society.

We are keen to find out what you think of the play area, how much you use it and any feedback on the equipment. The result of the questionnaires will be reported to the funding bodies and will also inform the Projects Committee of what works well and any further work required.

We hope that you will be able to contribute by completing this short questionnaire which should only take a few minutes of your time.

Completed questionnaires should be returned to the Gurnard Primary School, Solent Middle School or the Gurnard Newsagent in Worsley Road.

Thank you for your time and feedback
