

GURNARD: YOUR VISION OF THE FUTURE STEERING GROUP MEETING 1st AUGUST 2005

The meeting was held in the Staff Room at Gurnard Primary School, starting at 7.15pm.

Present:

Richard Day (Chairman), Graham Lloyd, Tony Hathaway, Liz Jackson, Miles Seymour, Sheila Caws, Brenda Schofield and Rusty Adams.

Apologies:

Apologies were received from Bryan Salter.

Matters Arising from 4/7/05:

An acknowledgement has been received from the IW Council's Development Control section about Parish Plan input to the "Island Plan" as a Supplementary Planning Document. The department is itself not clear on the way forward, but is pressing the Government Office for clarification.

Final Publication

Table of Contents:

This currently consists of 20 headings and 4 appendices – it was accepted that the headings may change as the project progresses. 4 images from Maria Ward for the front cover were circulated, and it was agreed to use the top image (No. 44) of the sheet of 3. Maria is happy for any of her images to be used in the document as required. Little progress has been made securing the photographic services of Ben Ferris – Miles has taken 40/50 photos of his own and plans to use some taken at earlier consultation exercises, and it was also agreed to keep Sheila Caws' contact in reserve. Charlie Barnard's permission to use some of his material will be secured by Rusty Adams.

Historical Background:

Some of it had a disjointed feel to "the read", mainly due to editing carried out by Miles. Sheila Caws will rework the text without increasing the number of words. It was also agreed to clarify the geographical position of the "barley field".

Gurnard Today:

Page 5 – large print heading – change 1st line to read "Gurnard is now a large rural Parish on the Solent"

Page 5 – 1st paragraph left hand column 3rd line – substitute "Village General Store" for "Dows".

Page 5 – 2nd paragraph left hand column – 1st line – change "The Village" to read "The Parish". Add Middle School and Methodist Church to Primary School etc. (2nd line of 2nd para).

Page 5 – reduce visual impact of background behind the text (to clarify).

Page 6 – 1st paragraph right hand column 7th line – substitute "there is less livestock in evidence than in previous times" for "there isn't much livestock in evidence".

Page 6 – right hand column 6th paragraph 2nd line – change "library bus" to "mobile library"

The Local Community:

This was broadly agreed in its original context. Concern was expressed about spellchecking – e.g. %% in 2nd to last paragraph. This will be carried out and the Steering Group will be asked to proof read.

Community Consultation:

Page 8 – Consultation Process paragraph – 2nd line – replace “parishioners” with “local residents”.

Page 9 – Planning for Real section – 2nd line – substitute “model of Gurnard Parish” with “model of part of the Village”

Page 9 – Camera project – left hand column - 1st paragraph – additional information needed to show more comprehensively how the project was carried out – **Tony Hathaway** will liaise with Miles on this.

Page 9 – Camera Project – 2nd paragraph 2nd line – insert “33 single use” instead of “??? disposable”

Page 9 – Camera Project - right hand column – 1st paragraph 3rd line – produced by “All Saints PCC”.

The periodic inclusion of “see appendix” was approved, supplemented of course with the number of the appendix in due course.

Next Stages:

It was agreed to make a start of some of the specifics on the Table of Contents page. The idea is to describe the current “status quo” for each heading and then, using the consultation responses received relevant to each topic, to highlight wishes and aspirations.
