PRESENT

Apologies

Sue Waters, Aslam Jarviad, Richard Cobden, Vicky Spencer, Terry Nolan and Paul Fuller.

Minutes

The minutes of the meeting of the 26th June 2014 were agreed.

Matters arising

Bede Townsend brought up the subject of the MVAAP discussion document that had been brought to the attention of the steering group by Paul Fuller in connection with the recent rejection of the Place rd development. Members of the group ran through the section of the document, which related to areas around Gurnard that had been shown as the "Green Gap" of Gurnard. It was agreed that we should respond to the council, highlighting the area along Place Road and going to the west along the boundary with Northwood Parish to be added. The official date for responses had already passed but Paul Fuller was of the belief that better late than never.

Jon Pearson will fill out the document online.

Date for public consultation

It was decided to move the date of the public consultation from the 4th October to the 16th October. The GPC will have a planning meeting that night and will also use the opportunity to talk to residents about community services and the playing fields. More details to be confirmed over the next few weeks.

Update on the Objectives supplied by Chris Broughton.

Members of the group spent the remainder of the meeting going through the document and making the necessary changes. With this completed, it has been decided to have the new document sent to all members for comments and to be ready to send to Chris by early next week. We will then require a date from Chris as to when he will have written up our changes for the SG to once more check and comment.

Date of next meeting

TBC but sooner rather than later.

31st July 2014
